WHO ARE WE?

TUDIE is a one-stop provider of cleaning solutions for most industries, especially the Mining, Healthcare, Commerce, Construction and Domestic. Solutions are wide-ranging, innovative and sustainable, with the company taking a highly responsible approach to chemicals. TUDIE Cleaning Solutions offer include contract cleaning, hygiene solutions, labor outsourcing, specialized cleaning, and recycling services.

WHY USE US?

All our staff are fully trained, and we strive to offer services that largely based on “detailing” rather than cleaning. Our Mission is to protect and enhance our customers' reputation by partnering with them to provide sustainable solutions that achieve the highest standards of hygiene enabling them to work more efficiently, economically and safely so that their business can provide the finest quality products and services.”

Vision

To be the customers preferred first choice supplier in every market sector that we operate in.

Our Values

- **Innovation:** Provide technologically advanced products & technical support services that are compliant with or exceed international standards.
- **Loyalty:** Generate customer loyalty by providing customers the best hygiene solutions & service with optimal added value in everything that we do.
- **Integrity:** A code of conduct that encompasses high standards of integrity, ethics and respect with suppliers, customers, and our staff.
- **Development:** On-going development, training, and care of our staff so that they are equipped to provide excellence in all we do

Client satisfaction

Our management will be responsible for the following:

- Regular communication with the client
- Assessing client needs
- Developing client relationship
- Setting and maintaining quality standards
- Following up on inspection reports
- Monitoring complaints
- Feedback to client complaints
- Attention to details
- Establishing a cleaning plan for the building
- Adherence to cleaning specifications

Services

We deliver sustainable hygiene solutions to Industry & Commerce. Our integrated approach for products & systems save time, energy, water, labour, consumables, and the environment. Our industry specialists and technical service teams provide an integrated approach to ensure the most cost-efficient solution with the highest possible standards where hygiene is critical for our clients, operations, product, or brand.

Facility care for Health care

- Tudie show that the environment plays a direct role in the transmission of infections, due to the number of high touch surfaces that employees, patients,clinicians encounter each day.
- Our range of solutions help prevent hospital acquired infections (HAI's) to protect patient safety in healthcare facilities. Our expertise enables us to help our customers protect the health of their workers, guests and suppliers through innovative solutions and service.

Facility Cleaning

- We deliver improved cleaning outcomes through the clinically tested combination of highly accurate dispensing systems, high performance disinfectants & cleaning products

Surface Disinfection

- Alcohol based cleaning detergents provides double protection against infection and contamination where needed. When applied, it kills 99.9999% of the most isolatedmicro-organisms within seconds.

Cleaning Equipment

- Suppliers of cleaning equipment and detergents

Corporate cleaning

• Our cleaning services are available daily, weekly, or monthly. Depending on the size of your office space and the amount of employee your business hires.

Estate cleaning

• Estate cleaning services ensure that residents are proud of their surroundings. Likewise, having clean presentable facilities on the property, such as pools, gate houses, public areas just to name a few.

Residential cleaning

• As residential cleaning is a more common service, our domestic cleaning staff are available on a daily, weekly, and monthly basis

Industrial cleaning

• Industrial cleaning services require stringer cleaning materials and more stringent cleaning methods to remove tough dirt which is typically associated with industry manufacturing processes.

Waste management services

• We offer various waste bins that companies can either place indoors or outside. We offer a holistic on-site waste management service placing a recycler as well recycling bins on site maximising company waste and insuring environmental responsibility.

We supply, rent or hire Mobile Toilet
